

Gulliver's Gate

Saturday Sept 14th at a time yet to be determined.

You saw this museum featured in the [January-March 2018 issue of *The Coupler*](#). Now is your chance to see one of New York City's newest museums, [Gulliver's Gate](#), in person! The museum encompasses one full city block near Times Square.

The exhibit includes HO scale models of well-known sites and places from our world, and fictional worlds, connected by train tracks and highways featuring all manners of transportation known to mankind - from horses and elephants to hot air balloons, jet planes and space shuttles.

Gulliver's Gate has a variety of scenes from various places around the world. Since it is an American company and a New York venue, there is an emphasis on scenes from the US, but Europe and Africa and Asia are also featured, as well as lands that only exist in our imagination. All of them are packed with a lot of "action," surprises and humor.

Your tour ticket will also give you the opportunity to go behind the scenes and visit the museum workshops. This is a bonus that other visitors do not have an opportunity to see.

The tour bus will depart the hotel in the morning and return early afternoon. The cost of the tour is \$60, which includes your entry fee and bus ride. Departure time will be posted in the hotel on Thursday. We will board in the Parking lot.

Come join us for fun filled tour into Manhattan and - Gulliver's Gate.
